Natural Result.
It is very reasonable to suppose if the
foundation of a structure was removed
that the building itself is bound to come
down. This same principle can be applied
to disease. Take a medicine into the sys-
tem that will remove the cause of sick-
ness, and the illness leaves of itself.
Dyspepsia, indigestion, sick-headache
and biliousness, have their foundation in
stomach disorders. Remove the other
symptoms are no more. There is one cure
for this that all druggists sell for 25 cents
per box, it is called Dr. Gunn's Improved
Liver Pills. They get right at the be-
ginning of the diseases and make the cure
by taking away the cause of it. We will
send a small box free by mail, or a large
box on receipt of 25 cents. Address Dr.
Rosanko-Medicine Company, 128 S. Sixth
street, Philadelphia, Pennsylvania.

In Frozen Russia.
In Russia, where the cold in winter is
very intense, the markets are very curi-
ous things. The meat is frozen, the car-
casses of dead animals, as sheep and
pigs, stand upright outside the stalls;
everything, even game and poultry, re-
quires to be thawed before it can be
cooked, and the market people's dress
is as picturesque as it is warm and
comfortable.
Then the rivers are frozen over all
the winter long, and so thick is the ice
that every one can skate anywhere and
any time. Stalls are put up on the ice
and busy markets held there.
In the Asiatic part of Russia the peo-
ple live chiefly by hunting and fishing,
and the fur of the Russian animals is
very beautiful—the ermine, fox, sable,
sea otter and others.
At the end of the winter, when the
snow melts, the huntsman pursues the
elk, wearing long shoes, in which he
can glide over the snow very quickly,
while the poor elk sinks into the snow
deeper and deeper every step and is at
last over-run and killed.

His Two Purchases.
A story is told of a Louisiana mer-
chant who came to New York deter-
mined to secure a bargain. He wanted
cheap cloaks, and after trying in vain
to suit himself at the wholesale houses
he bought a job lot at auction. He ex-
amined the goods hurriedly and had
them shipped home. In due time he
was confronted by an excited head
salesman who said the garments were
out of style.
"They didn't look that way," said the
merchant.
"But they are," replied the clerk.
The merchant persisted that the
cloaks would sell, but they didn't. In
desperation he returned them to New
York to be disposed of to best advantage.
On his next trip to New York he
again visited an auction house and
bought a lot of cloaks. When he re-
turned home and examined his pur-
chase he saw that he had bought the
same lot as before.—World's Work.

The Bird Monopolist.
As is generally known, the cuckoo
lays its eggs in the nests of other birds,
leaving them to be hatched and the
young cuckoos reared by their foster
parents. The young cuckoo throws the
other birds out of the nest and gets all
the care itself. After murdering its
foster brothers and sisters in the most
deliberate and callous way it is thence-
forth tended with the greatest devo-
tion. Long after it has left the nest
the great bird, apparently big enough
to get its own living and many times
larger than its foster parents, is fol-
lowed about and fed by them with the
same care as when in the nest.

Considerate.
Mrs. Benham—You look mad.
Benham—I am mad. A man called
me a born fool today.
Mrs. Benham—You ought not to get
mad about it. I think it was very con-
siderate of him to blame it on your an-
cestors.—Brooklyn Life.

The Judge's Admission.
"What was your greatest trial,
Judge?" asked the young lawyer.
"Getting my seven daughters married
off," replied the scanty haired jurist.
—Cleveland Plain Dealer.

A Lost Island.
Of the various buildings which adorn
the island of Palms there remain to-
day above water only a portion of the
colonnade, the top of the clock and a
part of the temple of Isis. The traveler
approaches the ruins in a small boat, in
which he may pass down the colonnade
and row about in the once sacred cham-
bers. It is a novel and interesting ex-
perience, but to those who were fa-
miliar with the island in all its beauty
it is full of sadness. Of the columns
which formed the colonnade only the
capitals remain above water. Upon
these one sees, beautifully chiseled and
ornamented, with delicate coloring, Ti-
berius offering gifts to the gods or
Nero presenting two eyes to Isis. A
short distance to the right the roof of
the clock is visible resting upon its ex-
quisite columns, which are partly sub-
merged. By it two unusually large
palm trees rear their heads above the
foundation.—Century.

A Race of Masked Men.
The Tourage of the Sahara are one
of the most curious races of mankind.
The men never expose their faces to
public view. They always wear a
cloth mask, even when they are eat-
ing and sleeping. It is said that only
one white traveler has ever seen a
Tourage unmasked. They think they
are dishonored if their faces are un-
covered.

Impressive.
"Why did we arrive late and leave
before the opera was over?" asked the
youngest daughter. "It was very en-
joyable."
"Of course it was," answered Mrs.
Newrich. "But my dear, we had to
show people that we didn't care what
we got our money's worth or not."

MOTHER AND CHILD
Scott's Emulsion is cod
liver oil made almost
as palatable as milk. It is easy
and soothing to the weak
stomach; it checks the ten-
dencies of children toward
thinness.

Scott's Emulsion gives
strength to weak mothers be-
cause it creates healthy flesh
and new blood.

Nursing mothers will find
a special value in Scott's
Emulsion because it insures
a flow of rich, nourishing
milk for the baby. More and
better than a medicine;
Scott's Emulsion is a food.

Scott's Emulsion is not a
mere extract, containing im-
aginary "active principles"
which do not exist, but is full
of actual nourishment which
sustains vital force and builds
up the body tissues more
rapidly than any other known
remedy.

Sale of High School Bonds.

SEALED proposals for the purchase of the
Bonds of San Jose Union High School
District, in the County of San Mateo, State
of California, will be received by the
County Treasurer of said County of
San Mateo, up to two o'clock P. M. of

Saturday, the Second Day of January, 1904.

Such proposals may be addressed to the
undersigned and bids may be made for either
the whole issue of said bonds or for parcels
thereof. Bids must be for not less than the
par value of the bonds bid for and accrued
interest to date of delivery and be for cash in
lawful money of the United States. The
right is reserved to reject any and all bids
and the privilege is reserved of selling said
bonds as a whole issue or in parcels. If a
satisfactory bid be received the undersigned
will enter into a contract for the sale of said
bonds allowing ten days for examination of
the proceedings in relation thereto. Said
issue of bonds aggregates \$25,000, bearing in-
terest at the rate of five per cent. (5 per cent)
per annum, payable semi-annually. Said
bonds will be of the denomination of \$500 and
each will bear date of January 2, 1904, and
three of said bonds are to run one year, three
bonds to run two years, five bonds to run
three years, five bonds to run four years, five
bonds to run five years, five bonds to run six
years, five bonds to run seven years, five
bonds to run eight years, five bonds to run
nine years, and five bonds to run ten years—
from the said date of January 2, 1904. Said
bonds are issued in pursuance of an election
held in said High School District, November
14, 1903, and in compliance with Section 1670
of the Political Code of California, and pur-
suant to a resolution and order of the Board
of Supervisors of said County passed Decem-
ber 7, 1903, to which reference for a further
description of said bonds is made.
By order of said Board of Supervisors,
F. V. THOMAS, Chairman,
County Treasurer.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Monday's Meeting.

Good Brick Must Be Used in Construction of Court House.

The Board of Supervisors met in regular session Monday, all the members being present.

Ethel L. Ferres petitioned for a rebate of taxes, paid under protest, for improvements on a lot in San Mateo. There are no improvements on the lot, and this fact was attested by the County Assessor. The amount, \$5.85, was ordered refunded.

The Clerk explained that a claim had been made out in proper order and would be presented in due time.

The following communication from the Good Templars' Home for Orphans at Vallejo was read, and on motion of McEvoy, seconded by Eikenkotter, was ordered filed:

To the Honorable Board of Supervisors of San Mateo county, California.

Dear Sirs:—The communication is from the Good Templars' Home for Orphans (a corporation) situated at or near Vallejo, California, and is sent to make you the following proposition:—A photograph of the main building accompanying this letter.

The institution has been greatly improved of late; over \$15,000 having been expended in improving and introducing all modern improvements. For this reason we are prepared to care for more orphans than are at present here. The Home has been open for thirty years, and has an average of two hundred children under its care. It is situated on rising ground about a mile out from the city of Vallejo, and has one hundred and seventy-two acres of land.

This furnishes feed for a dairy of twenty-five cows, the young stock and horses, and enables the institution to raise fruit of various kinds in abundance for home consumption. A public school of four rooms is at the Home—our children are presumed to be through the eight grades at fourteen years of age when they leave us. The advantage runs to tide water and the health of the inmates is excellent.

The present condition of the institution enables us to make you the following favorable terms for the care of orphans and abandoned children:

Orphans, no charge to the county; half orphans, no charge to the county; abandoned children, \$75 for the first year, after that no charge to the county.

You are to deliver all children to this Home at your expense.

We take children from one and one-half years of age and keep them until they are fourteen years old, when we find homes for them.

The following notice was received from Frank J. Carolan and by the order of the Chairman same was referred to the District Attorney to report at the afternoon session of the Board:

To the Clerk of the Board of Supervisors of the County of San Mateo.

The undersigned, Francis Carolan, in compliance with the terms of Ordinance No. 44 of said Board, does hereby make and file the following statement:

That he is engaged in the business of supplying water for domestic use within said county and that his reservoir and source of supply is situated upon a certain tract of land in said county, within the township of Burlingame, bounded upon the north by the lands of the Corbett Estate, on the south by the lands of the Howard Estate, on the east by the Bay of San Francisco, and on the west by the right of way of the Southern Pacific Railroad; that for the purpose of supplying residents of said township with water for domestic consumption he proposes to construct and install a pipe line; that said pipe line, as installed, will run in a westerly direction from said tract of land, over a private right of way to a point on the main county road of said county, thence southerly along said main county road to a point thereon immediately in front of the property of George A. Newhall in the township of Burlingame, being a part of that certain tract commonly known as "Tract 14."

The undersigned does hereby accept and agree to be controlled by and conform to each and every provision of a certain ordinance designated as "Ordinance No. 44," and entitled, "An Ordinance to authorize the laying of water pipes in the public roads and highways in the County of San Mateo, to regulate the manner thereof, and to prescribe the terms and conditions on which the same may be done."

FRANCIS CAROLAN.

The following communication from the City of Long Beach was read by the Clerk and referred to the District Attorney to report in the afternoon:

Dear Sir:—The California Distless Roads Company has brought suit in the United States Circuit Court against the City of Long Beach, claiming a patent right on the use of oil upon roads or streets in any manner.

This city is advised that the so-called patent is void and it therefore intends to fight the case in the courts until the matter is finally determined.

If the court should sustain this patent in this suit, it would mean the collection of large royalties or damages from every town and county in the State which uses oil on its roads or streets or has used the same since April, 1898, the date of the patent.

The nature and importance of the suit render it imperative that all the towns and counties interested in the use of oil upon roads should co-operate in making a vigorous defense to this action and having the patent adjudged invalid.

To properly defend the case a defense fund should be raised by the different towns and counties interested to employ expert counsel skilled in patent law and also to search for and secure the needed evidence showing the use of oil upon highways before this patent was applied for, and to meet other expenses that will necessarily be incurred in carrying on the litigation of this character.

The City of Long Beach therefore, in view of the extreme importance of the outcome of this suit takes this method of calling the matter to your attention and soliciting your co-operation towards raising such a defense fund.

The attorneys in the case, Charles S. Rogers, patent lawyer,
